Dear all,

This email is a continuation of bi-weekly updates that provide important project-related information as well as an overview of activities expected during the upcoming two-week period.

Upcoming construction activity highlights scheduled for the period of May 3 through May 17.

Existing Common Areas:
- Remove temporary dust partitions @ existing elevator core lobbies/corridors (all levels).
- Miscellaneous demolition for new bathrooms (all levels).
- Partition layout and framing for new bathrooms, IT Rooms and Lactation Rooms (all levels).
- Telco/IT cabling rework in existing IT Rooms.
- MEP rough-in for new bathrooms.
- Electric rough-in @ existing elevator core lobbies/corridors.
- Conduit rough-in and Electric Room fitout (all levels).
- Conduit rough-in and transformer installation @ Emergency Electric Rooms.
- Ductwork installation in L7 ceiling to new AHUs.
- Continue sprinkler piping installation in existing stairwells (all levels) and new bathrooms.

New Core Addition:
- Remove L7 temporary walls and modify walls at new ramp location.
- Install fan coil units above ceiling in L7 elevator lobby.
- Install permanent doors and hardware (all levels).
- Final paint walls (all levels).
- Paint handrails in new stair.
- MEP trim out in corridors.
- Final cleaning (all levels).

West Wing Roof:
- Miscellaneous roof work.
- Screen wall support steel installation.
- Steel platform installation.
- Pipe and duct installation @ AHUs.
- AHU control wiring.

Site Work:
- None.
**Upcoming testing and inspections:**
- MD State elevator inspections.
- Fire alarm testing @ Core Addition and original building.

Please note that as some of the above activities are outdoors, weather can affect actual performance.

“Town hall” type meetings will be offered by JHFRE and the construction manager to those who would benefit from additional specific information about the work and its potential impact on the campus. These meetings will provide the opportunity for project stakeholders to ask questions of the project and construction management team. Please contact me directly if you have interest in attending a meeting.

For additional information, you are encouraged to visit the JHFRE Wyman Infrastructure website: [https://www.jhfre.jhu.edu/projects/wyman/index.html](https://www.jhfre.jhu.edu/projects/wyman/index.html)

Helpful documents hosted there are:

- Site logistics plan
- Key milestone schedule and important dates
- Bathroom outages and temporary facilities diagrams and schedules.
- Site utilities repairs / installation, logistics and phases.
- Five-week construction activities schedule with noise and disruption estimates for specific areas of the building. [Attached to this update]
- North wing HVAC outage plans and dates.
- Stair 3 and ramp closures logistics.

Please forward the contact information for anyone who should be added to, or dropped from, the distribution list. Should you have any project related questions or concerns, please feel free to contact me for assistance.

If there are any departmental coordination or operational concerns please contact the appropriate building stakeholder representatives:
