Good evening,

This email is a continuation of bi-weekly updates that provide important project-related information as well as an overview of activities expected during the upcoming two-week period.

**Upcoming construction activity highlights scheduled for the period of May 17 through May 31.**

**Existing Common Areas:**
- Remove temporary dust partitions @ existing elevator core lobbies/corridors (all levels).
- Miscellaneous demolition for new bathrooms (all levels).
- Partition layout and framing for new bathrooms, IT Rooms and Lactation Rooms (all levels).
- Telco/IT cabling rework in existing IT Rooms.
- MEP rough-in for new bathrooms.
- Sprinkler piping in new bathrooms.
- Electric rough-in @ existing elevator core lobbies/corridors.
- Conduit rough-in and Electric Room fitout (all levels).
- Conduit rough-in @ Emergency Electric Rooms.
- Electrical outages to switch circuits to new distribution panels.

**New Core Addition:**
- Remove L7 temporary walls and modify walls at new ramp location.
- Final paint new stair.
- Final cleaning (all levels).
- Use lift to field measure for metal panels and install Z-Girt (outdoors).

**Site Work:**
- General site prep.
- Sod installation.

**West Wing Roof:**
- Miscellaneous roof work.
- Pipe and duct installation @ AHUs.
- AHU control wiring.
- AHU testing and commissioning.

**Crane Lifts:**
- Scheduled for 05/20. Rain date 06/03.
Upcoming testing and inspections:
- MD State elevator inspections: 05/16 thru 05/19.

Special Notice:
The new elevators are expected to be put into service week of 05/22 pending approval by the MD State elevator inspector. The two remaining existing elevator cars will be decommissioned and removed. Signs will be installed to direct foot traffic to the new elevators.

Please note that as some of the above activities are outdoors, weather can affect actual performance.

“Town hall” type meetings will be offered by JHFRE and the construction manager to those who would benefit from additional specific information about the work and its potential impact on the campus. These meetings will provide the opportunity for project stakeholders to ask questions of the project and construction management team. Please contact me directly if you have interest in attending a meeting.

For additional information, you are encouraged to visit the JHFRE Wyman Infrastructure website: https://www.jhfre.jhu.edu/projects/wyman/index.html
Helpful documents hosted there are:

Site logistics plan
Key milestone schedule and important dates
Bathroom outages and temporary facilities diagrams and schedules.
Site utilities repairs / installation, logistics and phases.
Five-week construction activities schedule with noise and disruption estimates for specific areas of the building. [Attached to this update]
North wing HVAC outage plans and dates.
Stair 3 and ramp closures logistics.

Please forward the contact information for anyone who should be added to, or dropped from, the distribution list. Should you have any project related questions or concerns, please feel free to contact me for assistance.

If there are any departmental coordination or operational concerns please contact the appropriate building stakeholder representatives:
